

CAMComp
WORKERS' COMPENSATION PLAN

Finally!

A Workers Comp plan that
PAYS YOU BACK!

WANT TO GET REWARDED FOR WORKING SAFELY?

OVER TIME...

Together we rise - and individually you can triumph with CAMComp!

Here's how it works:

CAMComp invests the premiums of everyone in the group. At the end of every year, we compare the group's claims paid out vs. the premiums paid in. If the premiums exceed the claims, we pay that difference plus investment income back to our group members.

CAMComp Member EXAMPLE:

- Over a 3 year period, this member paid in \$123,000 to their claims fund.
- In turn they received back dividends of **\$66,500 = a 54% return!**

So whether you're a small general contracting business or a construction company with dozens of employees, CAMComp can help you find the best workers' compensation policy for the way you work.
